

Rachel Wolk

Candidate for the High and Honorable Position of Big Apple Region's 43rd Regional Morah

My Sister B'nai B'rith Girls,

If you have ever seen a musical, you usually can remember it by the catchy tunes and the amazing characters. You may not think of it this way, but there's a lesson hidden in all those musicals you love. The future of Big Apple will provide a lesson as well, inspiring and influencing the way us BBGs think. Our "musical" in this case is about the friends we make, the love for BBYO, the Jewish experiences, and that special feeling when we change the world. In our international BBG song We Pledge To Thee, we sing "We Pledge to Thee, oh BBG, our love, our youth, our loyalty". By singing this, we come together, and through thick and thin, we will stand by our sisters. When we come together as BBGs, we're already making a musical, a musical with characters from all different backgrounds. We will be coming together as one big sisterhood to make the biggest musical yet. How about we call it "43's Unstoppable Year"? Are you in? We can do this, so let's get our heads in the game! As one BBG community, we will go against the odds and become stronger together.
