

## Candidate for the Nassau Suffolk Region's 64th Gizborit Olivia Kittrell

### **Why are you running for this position? What makes you a strong leader? What will you contribute to NSR's success next term?**

I am running for this position because I have the passion, drive and self-assurance to know for certain that this position is for me. There is nothing that brings me more joy than working with others to put together fundraisers and seeing the marvelous outcome of what we have accomplished. The fundamental aspect of making that a reality is listening to others and valuing their opinions. A strong leader does this without hesitation. A strong leader brings confidence to their team, inspires others and takes charge. My embodiment of these traits will no doubt help our region to flourish. Using my past leadership experiences and connections from fundraising in the international order, I will bring new insight and ideas to the region. I will inspire others in the region to take more responsibility and become more involved. Furthermore, as your 64th regional Gizborit, I will encourage others to express their creativity and ensure that our fundraising year successfully raises money and brings our region closer together as a whole.

### **Vision Statement:**

I see an NSR where fundraising is looked forward to and cherished. Through interactive fundraising events and new types of shuk, fundraisers will become a more fundamental part of our region. Making BBG spiritwear will strengthen our sisterhood and take our regional spirit to a new level. Having interactive fundraising events will keep our members engaged, excited and coming back for more. Although regional fundraisers are extremely important, it is vital that chapters are having fundraisers throughout the year. I will ensure that chapters' bank accounts are thriving and that they are having successful and unique fundraisers. Creating a shuk and fundraising bank with my counterparts will do just that. Along with making fundraising a more prominent part of our region, if elected as your 64th regional Gizborit I will further educate chapters on the importance of the ISF and game changer grants. This is just the start to a prosperous future for our region!
