

Candidate for the 31st NCC Shlichah- Daria Lapidot-Boaz

BBG was built upon the foundation of **pluralism, tradition, and community**. As we jump into NCC BBG's 31 years. I know we can **strengthen our ties to our Jewish Identity by looking at our united faith in a whole new light!** This year as your Council Shlichah I will work to ensure each member, each chapter, and our Council will take on new challenges. To craft meaningful and eccentric Jewish experiences. Ensuring each B'nai Brith Member becomes inspired to embrace their Jewish identity and connection to our home, Israel.

"Together as one Forever United", These principles are crucial in our movement. This year we will explore Pluralism and what it means to each B'nai Brith Member. We will globalize connecting our Council to chapters from across the order to learn about the faces of Judaism throughout the world. BBYO is a place any young teen can join regardless of their denomination So this year we will enrich and cultivate inclusive and empowering environments Ensuring each **BBG has the chance to celebrate their culture and heritage!** Together, we will take a step, spanning outside of our BBYO communities. We will build bridges with other Jewish teens in different youth groups and encourage conversations beyond the denominational lines to connect and explore our Jewish Identities.

This year the Shlichot across our Council will work together Making sure each of our Judaic programs, services, and community service projects are new and exciting. I will host workshops and meetups. **I will prioritize creating a space for each Shlichah and RLN chair to learn and fabricate fresh and electrifying programs** to bring back to their own chapters and the Council! I will ensure each BBG has the **strength and perseverance to take the step to plan an outstanding service or lead an intriguing Israel program**. We will make the effort to have each Shlichah and Chair shine throughout the year!

Lastly, I strongly believe in **creating meaningful Jewish experiences for the whole Council** and each chapter in it. This will foster a sense of siblinghood and Jewish Pride. This year we will connect, inspire and impact. Together we will work on region-wide programs, events, and services. We will host Council-wide events like a Mishloach Manot exchange, Incorporate Jewish values into social action, Host Havdalah under the stars, and ensure each member knows when the Jewish Holidays are and how they can celebrate them. We will work on bringing in a series of diverse Activists for our Stand Up and Speak Up initiatives. **We will dive Into the different diverse areas of the Jewish world by** Focusing on programs that have never been done before. By elevating programs, services and moments will ensure a deep-rooted impact on our Council. Together, These steps will **provide each BBG an everlasting connection to Judaism**, strengthen our bond and create meaningful experiences!
