“We did not come here to fear the future, we came here to shape it” Barack Obama

I am Aleph Ben Baum and I am Caucusing for the High and Honorable position of North Carolina Council's 31st aleph Moreh

Ideas/Goals

MRIHA Related:

- Check Ins with chapter morim about prospects they've begun the process with
- Provide any tips as to chapter Morim as to how to pursue this

MIT/AIT Related

- Have framework for MIT/AIT planned ahead of time to be used for marketing of convention
- Introduce CLTC to alephs at MIT/AIT
- Introduce council/regional wide big-littles to create better relationships and outreach for younger members
- Reward System for MIT/AIT: chapter that gets largest percent of AITs signed up gets prize
- Call-parties so new members with questions about convention can learn about the convention

Counterpart Related

- Monthly calls with counterparts for updates on personal goals and chapter recruitment goals
- MRIHA checks-listed above

AIT Relations

- Checks with uninspired/struggling first year members to feel the fit to BBYO to help better experience

General Outcome

- See high levels of growth in aleph retainment, involvement, and recruitment

Going into this year, I fully understand seeing the ones before me how much work the Moreh entails. And following COVID, it is extremely important that we have a great year in terms of recruitment and growing AZA within NCC. Being the Moreh would allow me to be able to foster AZA in the new AITs that are incoming into NCC. I want to be able to bring the brotherhood of AZA to these new members
Fraternally submitted with undying love for Eastern Region #6, Hank Greenberg
AZA, I forever remain aleph Benjamin Baum
