- Sent 3 members to MIT/AIT

## Nolan Terlecki

Is aspiring for the high and honorable position of

## North Carolina Council's Sopher

My Fellow Brother Alephs,

It is my honor to be running for NCC's Sopher for the programming year of 2021-2022.

As someone who hasn't been in BBYO for long, I have noticed that the first reason for joining this movement is a relationship with others... From interactions with my sister and what I've seen, the best way to get to know people and get other people having fun or spreading the word is by being on council. Despite the hard year I want to work hard next year to get more people involved and having fun.

I would be incredibly honored to be your Sopher.

I forever remain,

Nolan Terlecki

## Goals and Ideas

- Increase membership to all chapter meetings, even if by a small margin
- Re-start the convention newsletters
- Do the project for the end of the year, possibly a hype video or slideshow type thing
- Keep in contact with the other sopherim possibly with a once a month call
- Coordinate with chapter sopherim and organize individual chapter yearbooks where they compile highlights from the year
- Create a link to access all photos from conventions
- Continuously send out quick links for convention registration and membership sign up
- Hold photo editing competitions on social media
- Create and maintain a tik tok account
