

**Annie Morgan**  
**Candidate for 29th North Carolina Council Mazkirah**

Hey! My name is Annie Morgan and I am caucused for the high and honorable position of NCC's 29th Mazkirah. My vision for this years position is communication that is "up close and personal". This meaning that the information necessary is promoted to meet the needs of our members in every aspect possible.

To reach this goal, I would implement a summer program program at Regionals, Jr/Sr, Mit/Ait, and Spring Cultural to not only share personal experiences, but so that each member gets a taste of what awaits them in the summer. In addition, having A party themed meals, and dance at our Regional convention would push for our recruitment and obtaining our recruitment goals for International Convention in February.

Not only this, but ensuring Mazkirim counterpart communication is kept not only with NCC, but with the VAC and Dixie Council Board counterparts. Counterpart communication would be upheld with zoom calls, and each mazkirim would be informed of their numbers twice a month. Making sure that each mazkirim is informed of recruitment numbers is crucial to understanding where there is room to improve needed when getting members to attend our events.

In addition, there are many ways that we, as NCC BBG can expand our communication to make things more convenient for our members. To make communication simple, yet effective, I would create a remind 101 for our council so that deadlines can be communicated not just to counterparts, but everyone on their phones. Also, utilizing canva for instagram, twitter, and snapchat for events creates a simplistic way to look at reminders and event posts. To even make event access easier for our members, creating a website with links to the flickr, sign up links, and other resources would enhance the way our members get involved with BBYO.

We as a council should go in this direction so that we can thrive. Getting our members to events and having people participate starts with communication, and having a Mazkirah that is able to successfully do that is what we need as NCC BBG so that we can get there.

Submitted with undying love for
