Dear my VAC BBGs <3

My name is Rachel Jankell and I am aspiring to be your 31st Council Sh'lichah. Chapter Sh'lichah has opened my eyes to so many new possibilities and to really embrace the Judaism within BBYO and within my community. As chapter Sh'lichah I fell in love with the Havdalah service and I learned that Shabbat is when we are the strongest as a community. Whether we are screaming/singing one day or we are praying together, it is at these events that we open up our hearts and let each other in. I hope to share and embrace everything that I have come to love on the council level. As Council Sh'lichah I will be a role model for my counterparts and work with them efficiently to make sure that everything runs smoothly. I love BBYO and this is my chance to give back. <3 Submitted with undying love for you, me, and VAC BBG I forever remain Rachel Gabriella Jankell <3

Ideas

- laminated prayer guides
- VAC self love havdalah
- Hebrew/English translation on all prayers said during the service
- include a prayer in most programs (DOES NOT HAVE TO BE IN HEBREW)
- ^introduce a Hebrew word that relates to the program (this can be an option instead of a prayer)

Goals

- bring all aspects of Judaism together in a way that everyone feels the service includes them
 - advocate for services to not be an afterthought
 - encourage themed havdalahs and Shabbat services
 - make sure everyone feels included in the service whether they are fluent in Hebrew or only understand English
 - make the service easier to follow along
 - work with counterparts to come up with fun programs with a Jewish theme or undertone
