

Candidate for the 30th VAC Aleph Gizbor - Aleph Noah Zachary Villalona

I have strong beliefs and goals for not only VAZA, but also Virginia Council as a whole. I have a strong work ethic, which I believe is a necessity to accomplish our goals for this year, and many years to come. I have a lot of goals for this upcoming year, and I know that if we accomplish them, then Virginia Council will thrive. My first goal is to have a strong council board connection. I am a firm believer in having a strong start to set the tone. If we start off strong and have a strong bond as quick as possible, that will help us throughout the whole year. With a strong bond, we will be able to achieve our goals as a council, and we will set an important example on our chapter boards. Another one of my main goals is to have every chapter be financially stable. This means that all of our chapters will have enough money to fund any program that prospects want to see. It is important to me that I can help out with every chapter, so a way that I would help is by setting up a website. The website would have an online shop that would be accessible to every chapter. Chapters would be able to put merchandise on the store, and it would be a great way for chapters to make more money. I know that this goal would be hard to achieve, and a way that I plan to achieve it is by contacting the International Gizbor and inform him of my idea. If all of BBYO could use this online shop, chapters everywhere would be able to make money. Lastly, I want to have a meaningful stand up cause. Not that many people even know about what this is. I would like to spread awareness about what it is. Then, I would ask chapter gizbors to send out a survey to their members. The survey would list a lot of possible causes. From the survey we would see what cause most members want to support. I believe that if members choose a cause that they really care about, then there is a better chance that we can make a change.

Fraternally submitted with undying love for Monarchs AZA #2534, Virginia Council #56,
