My Sister BBGs,

VAC, and all of BBYO, has helped get me out of my comfort zone by influencing me to try new things and meet people near and far. Over the past few years, I have collected over 1,300 pictures and videos from programs, conventions, and summer experiences. Now I want to help you add to your photo collection of great memories. I want these experiences to CLICK...like a camera in your head. I have loved being a part of the VAC family and I would be honored to share my passion and love for BBYO through my LENS as your 30th VAC Safranit.

Submitted with undying love for ELI (my camera), photography, disposable cameras, Cohen BBG #1172, Virginia Council #6, you, me, and VAC BBG I forever and always remain
