My Sister B'nai B'rith Girls,

My name is Nicole Brager and I am aspiring to be your 30th VAC Safranit. Over the past 3 years I have grown so much love for BBYO. From my very first program I new BBYO was unlike anything else I had ever experienced. Whether through the amazing community, life long friendships, or incredible leadership opportunities, BBYO has given me so much. As your 30th VAC Safranit I will work hard to give this same experience and love for BBYO to all VAC BBGs. Through photography and media I will use my creativity skills to capture all the amazing memories we as a council, and community make in this coming year.

Submitted with undying love for NYC, Wonton, Hand Sanitizer, You, Me, and VAC BBG, I forever and always remain,
