

Isabel Schlusel
Candidate for 30th Virginia Council Safranit

Photography and BBYO are two of my favorite things, and being able to combine my two loves by taking pictures of all things BBG in Virginia Council, would be an honor. BBYO memories are priceless, and the perfect photo capture can help keep these incredible memories alive forever.

The vision I have as Virginia Council Safranit is to (1) ensure that all VAC members are captured in my (camera) lens. I will be inclusive by snapping photos of every member that is in attendance at VAC conventions. I will (2) be a positive influence on my counterparts to help them capture chapter memories. Additionally, I want to expand on the typical photo taking job of the Safranit by (3) incorporating video taking at all conventions so I can produce an end-of-year video.

I believe all three of these goals will set the Safranit position on a successful path by ensuring that everyone is included in convention photos. This is what BBYO is all about – inclusivity. I want to share that same happiness I feel when I scour through the posted pictures and see one of myself, truly caught in a special moment with my BBG sisters. I want everyone to see and feel what I do as a proud member of the Virginia Council.
