

**Aleph Rij Dorfman** (Portland – Chaim Weizmann AZA)

### **Vision Statement**

Evergreen Region has seen great improvement throughout its history. I want to continue this legacy by helping it reach new heights. As Regional Gizbor, I plan to communicate thoroughly with all of the chapter counterparts to achieve two main goals: ensure that all of their needs are being met and that chapter funds are being managed appropriately. From my experience in merchandising at the chapter level, I have many effective ideas for regional event merch and how to improve the merchandising for all chapters. I will continue the great advancements of this past term by keeping and improving the Regional Shuk as well as the Merchandise Auction that achieved great success. Being Gizbor is more than creating merchandise, but also planning fundraisers and supporting ISF. As a leader for all the regional chapters, I plan to help guide the chapter leaders in their fundraising endeavors for their own funds as well as for stand up causes. The importance of managing our resources effectively, along with regional fundraising will allow the regional board to plan even more amazing programs for the entire Region to enjoy. I hope to promote inclusivity at all of our regional events too. I will put forth effort to reach out to the new faces I see over the course of the next year. By working closely with all members of our Regional Board, I expect to participate in the planning of spectacular regional events for all our members to experience.

### **Mission Statement**

Collaboration amongst the Regional Board will allow for the development of a variety of fundraising ideas. I intend to communicate with the Regional Shaliach to fundraise for a stand up cause. With my guidance, the chapter Gizborim will create great regional fundraisers which will allow the chapters to be prosperous.
