

Tzavah AZA #309

Aleph Ryan Michael Goodman

Aspiring for the high and honorable position of

Regional Moreh

For the 2020-2021 programming year

My brother Alephs,

I've been a member of BBYO since 2016. I joined Tzavah as an 8th grader, knowing nothing about BBYO. All I knew was that a group of my friends started a chapter called Tzavah, and they wanted me to join. Looking back now, I'm beyond thankful that my friends convinced me to join. BBYO has given me amazing experiences I never would've had otherwise, and a group of close friends that are irreplaceable. The reason I've been drawn to the position of Moreh over the last few years is because I wanted the opportunity to share those same amazing experiences with as many people as I could. After two successful years as Moreh for Tzavah, I feel it's time to use what I've learned over these two years to help grow the region, and share those experiences with even more people. In this upcoming programming year, I want to revamp the regional recruitment process, provide more support for the Morehs of each chapter, and implement new education programs so every Aleph is active and informed. I hope to create a committee that will help plan new and engaging regional recruitment events. I hope that this will revitalize recruitment events and help improve on the past programs. I also want to provide better support for each chapter, especially when it comes to recruiting 8th graders. I know from experience that as an upperclassmen, it's hard to recruit younger kids due to limited contact. It's important that the region provides more opportunities for Morehs to recruit these younger students. Lastly, I wish to create a YouTube channel that could be used internationally, where Morehs from every chapter can make videos explaining different parts of BBYO, like conventions or board positions. By combing these three goals, I hope to grow our chapter with active and educated Alephs.

Fraternally submitted with undying love for Tzavah AZA #309 and Michigan Region, I remain Aleph Ryan Goodman
