## MY SISTER B'NAI B'RITH GIRLS,

We need to keep reaching for the stars. Even after the past amazing 75 years there is still so much more we can do to become the best BBG's possible and improve our character as a region. By focusing on BBYO's core values we will be able to make this happen. These values include Jewish Identity, Active Leadership, Inclusivity, and Tradition. By finding our own Jewish Identity we will be able to build a stronger connection with the B'nai B'rith Girls and Alephs around us making us stronger as a region. Secondly, by becoming active leaders we will be able to fulfill our responsibility to the global Jewish community. To continue by focusing on inclusivity we will be able to make anyone in the community feel welcome in BBYO. Finally, by focusing on tradition we will be able to build a community that represents and celebrates BBYO's rich history.

Through embracing these values I have found what it truly means to be a strong Jewish women and I hope that every BBG will find this meaning one day. Through this strength we will be able to support our chapters, regions, and the international order to the fullest potential.

Submitted with so much undying love for BBYO's core values, community outreach, Jewish programing, reaching for the stars, CLTC 5, 2019, Michigan Region #1701, Aliyah BBG #1208, and each and every one of you.

I forever remain,

Emma Rose Salle, a proud candidate for your 76th regional Sh'licha
