As the Powerpuff girls use their super powers to save the world everyday, I will use my **passion, skills,** and **personal experience** to lead Michigan region to reach its **full potential**. Still, one Powerpuff Girl is powerless without her team by her side, I am powerless without the rest of the board, and all of you. It takes **teamwork, communication,** and **coordination** to have a successful collaboration. These are all concepts I have learned in my experiences on chapter board, and put into practice when I led one. Professor Utonium explains how the perfect girls are created, with the recipe of **sugar, spice,** and **everything nice**. Similarly, with **positivity, hard work,** and **passion,** a great N'siah is made. I want to not only save the world, but *change* the world in Michigan Region. The Powerpuff girls are the **heroes and leaders of the future,** which all of us here embody. I want to encourage every BBG to be a hero and leader in their own way, as everyone's journey in BBYO is unique. For me, my journey leads to **servng as your regional N'siah**. BBYO has not only given me friends in the region, but a family within my chapter, and a purpose within myself- which is to strive to make Michigan region the **best** it has ever been.

Which Powerpuff Girl are you?

Buttercup:

tough, determined, sassy, risk taker

Blossom:

intelligent, quick thinking, logical, organized

Bubbles:

sweet, strong, kind, sensitive, loving

Submitted with so much undying love for the Powerpuff Girls, the International Order, Michigan Region #1701, Emunah BBG #156, and each and every one of you, I remain,

Isabelle Fox

Isabelle Naomi Fox, proud candidate for Michigan Region's 76th N'siah
