

☆ MY SISTER B'NAI B'RITH GIRLS ☆

Just like Anna and Elsa, we all strive to have great bonds with each other no matter what happens. That is one thing that Michigan Region is extremely good at but there is always room for growth.

This year we will strive to make the already amazing chapter/ regional programming and bonding reach new heights. This year we will make a climb to boost the size of Michigan region with our programming through a positive atmosphere with emphasis on chapter programming.

Respectfully submitted with undying love for, Anna & Elsa, Tony the Tiger, Emunah BBG #156, Michigan Region #1701, and every single one of you

I remain,
Samantha Ellie Green

☆ What I have done with my experiences ☆

- Planning Mystery Day
 - This was a mystery day where we had twice the attendance on a normal program and over 7 prospects. The girls had no idea where we were going. Everyone hopped on a party bus and we ended up at Crisler Stadium to watch the women's basketball game. This day was all about feminism and pop culture. I learned a lot about this at my IC chapter showcase program.
- Rc Coord
 - I was nervous since this was my first "real" position but **we ended up winning!** This proves to trust your gut and to go big or go home which is what I plan to do for the region.
 - I was able to manage my time successfully and lead by example even when I was stressed
 - I communicated with my two co's extremely well which led us to success. I am never afraid to give my opinions in a respectful way and I am very open-minded about listening to others.
- Worked with underclassmen to teach them how to make programs successful. This was shown by our Bittker and supposed to be shown with Chapter Convention (Did not happen b/c of COVID-19)
- Led meetings with my co at tamarack teen council where we worked to find new ways to keep campers engaged and prepared for the next summer.
- I led my poms team to a successful, drama free year where I kept the girls motivated and engaged.

★ Goals and Ideas ★

Ideas:

- Brotherhood/ Sisterhood sleepover
- BBYO Michigan Region **yacht party fall kickoff**
- Encourage 3rd degree programming within chapters
- Start **“Chapter BBG Badges” (BBGB)**
 - Chapters can receive different badges for different types of programming and events
 - Chapter with most BBGB’s at the end of the programming year will get a prize that benefits the chapter. This will promote unique programming
- Upperclassmen catered programs to promote retention
- WOW winter kickoff (based on teen suggestions)
- Host a big regional calendaring day so everyone can schedule programs and include different chapters in the region.

Regional Goals & Miscellaneous:

- Be the right hand women to the N’siah
- Work hand and hand with the Aym Ha’Chaverot to **create programs to retain members and recruit prospects**
- Create budgets with the Gizborit for regional events
- **Focus on boosting chapter programming**
- Get **50+** Michigan Region members to regional events

How to assist Convention Coordinators

- Oversee RC and SC committees and be there for support and help them to reach their goals without overstepping.
- Work with regional board and coordinators to **redesign the committee layout** (this would include some sort of hierarchy/ leaders “per-section” of the convention)
 - Ex: Communication lead, programming assistant, Jewish ritual lead

Counter Parts:

- Be a resource for all BBG’s
- Create a “how to” binder for all the chapter S’gainm
- Have a template for program write ups to be submitted a **week** before event (minimum)
- Chapter counterpart workshops early in the programming year
- Bimonthly in person meetings (if applicable)
- **Weekly check ins with chapter counter parts**
- Teach chapter counter parts how to advance and elevate programming
- Promote at least 1 WOW program a year for chapters
- **Weekly check ins with AZA counterpart/** impeccable communication

Personal Goals:

- Attend at least 2 programs from every chapter
- Create personal bonds with each chapter
- Be a role model
- Plan advanced programs to showcase
- Put **all my passion and dedication** into this position
- Don’t be afraid to use the staff and other resources!

International Initiatives: Try to include these in convention programming

- Taste of BBYO
- Bottles a Smiles
- Founders Day Celebration
- Lean in Together
