My Brother Alephs,

I, Aleph Chase Ryan Nussbaum, promise to work to my fullest capabilities in the 2020-2021 programming year. This past summer I attended CLTC 8. I plan to use the skills and connections I have made to create not only memorable experiences, but also engaging and enjoyable programs at conventions. This summer I plan to go on ILTC to hone my planning and programming skills. Convention is very important to our region. It holds traditions found nowhere else. The brothers we create here and the bonds that are made are unbreakable. As Rakkaz chair the past convention we saw incredible success. I learned a significant amount of information of what it takes to create a successful convention, and I am willing to do whatever it takes to accomplish this feat. As the job of the Rakkaz is to plan conventions, I want to be more than this. I want to be approachable if you have any questions or suggestions. I want to be a fellow aleph more importantly a brother.

Fraternally submitted with undying love for NSR #19 and the Grand Order of the Aleph Zadik Aleph, I forever remain one damn proud Aleph, Chase Ryan Nussbaum.
