

What We Accomplished Together

A New Nassau Suffolk Region

- The Nassau Suffolk Region is one of the largest in the International Order, and we flexed our muscle around the world
- Used our large size, and impassioned Alephs to be a force for good
- Became movement builders by using our spirit to show other regions what they can and should be, and turned more members than ever into Alephs
- Created a culture of chapter excellence that allowed both large and small chapters to thrive while maintaining traditions that make them unique
- Held the regional board accountable for improving the region

Brotherhood Elevated

- Used Inter-chapter competition to motivate chapters to improve
- Emphasized chapter and inter-chapter overnights to form bonds
- Used Good and Welfares and meaningful chapter programs to bring Alephs meaningfully together
- Emphasized chapter traditions

Convention: Reimagined

- Changed the formula for conventions to suit Alephs' needs
- Added IC-like Pre-Summits to Convention focused on certain topics
- Converted Winter Convention into a chapter vs. chapter Spirit Convention
- Converted RLTI to a Convention to build board brotherhood and skills

The Godolim Network

- Had regular calls with the whole network to talk about current chapter events, and how to improve current events.
- Created a brother chapter system to pair large and small chapters to share ideas, and hold events together.
- Provided Godolim with the support that they needed to motivate board members to work to make the greatest impact
- Held Fall and Spring Execs to talk about strategy for the region, and train for how to properly run a chapter

My brother Alephs,

We have over 650 Alephs in NSR, yet we struggle to get 200 to our conventions, and often have even less at chapter events each week.

We have chapters that do not receive the support that they need, and nothing is done about it. We need to show our senior most Alephs why they fell in love with NSR so they can help the next generation to grow into the leaders that they can be. We need to help chapters to grow to close the gap between large and small chapters. We need to use our spirit to make the region the best place that it can be. The passion that exists within our Alephs needs to be harnessed in a way that allows every single Aleph to grow and flourish and make NSR their home.
