- Hebrew School Student Teacher
- Academy of Finance

My Brother Alephs,

Since my start in BBYO, our region's Ozers have been some of my biggest role models and have been there to guide and shape me into the leader I am today. It is with immense honor that I now stand here as a candidate for your 14th Regional Ozer of Nassau. Our region has had a history of strong leaders from every chapter, but this is becoming less common each year. There are many Alephs that deserve to be heard but aren't. Too often, Alephs feel unappreciated and unable to contribute to their chapter. It is my main priority and mission as your next Regional Ozer of Nassau to provide every chapter with the tools needed to enable every Aleph to shine and meet their goals in BBYO. If we don't offer these opportunities for success to our brothers, we are doomed to fail. Many chapters in NSR are struggling to get that kickstart that truly propels them from small and developing to a real powerhouse of our region. I am more than prepared to work directly and tirelessly with every single chapter and Aleph until we can proudly say that we have succeeded in providing a strong foundation for continuous success. There is limitless potential waiting to be capitalized on, and I am ready to be the one who leads this journey. *Fraternally submitted with undying love for every Aleph of the past, present, and future, the Grand Order of the Aleph Zadik Aleph, the Nassau Suffolk Region #19, and my heart and home, New Frontier AZA #1512, I forever remain Aleph Noah Dylan Diamond, one damn proud candidate for your next Regional Ozer of Nassau.*

Building A Better NSR

Chapter Committees

- Gives more opportunities to aspiring chapter leaders
- Reinvigorates members
- Gives Alephs a variety of experiences in planning and running programs/events
- Can be anything from Programming and Services Committee to Mekasher Committee

Greater Amount of Cross Chapter Events

- Allows Alephs to see how other chapters are run and get new experiences
- Helps younger members see the effect that BBYO has on places outside of just their community
- When boards work together, it leads to improved communication skills
- Fatman competitions, services, and sports events are all great examples of successful cross chapter programming

Events with businesses

- Elevates programming opportunities
- Forming good business relationships often leads to discounts and promotion for your chapter
- Creative way to make your chapter stand out

Leadership Oriented Programming

- Sets a precedent for quality chapter leadership
- Gives preparation for scenarios that most members will have to handle during BBYO career
- Allows young members to learn from the older Alephs that inspire them
- Keeps a consistent flow of strong leaders in our chapter, region, and order
- Mock business meetings, leadership 101 programs, and chapter-run CLTC/ILTC are all great examples

“The essence of great leadership is influence, not authority.”
