- Brotherhood Overnight 2017, 2018

* half term ^ full term >steered

Goals and Ideas

- Improve AZAA by holding at least 2 during the year and including a spikeball tournament. Also renting a larger space that has more courts/a big field and obtaining an international grant to help fund it.
- Implement an interchapter fantasy sports league to help improve relationships between chapters
- Work with the Mazgiz to fundraise sufficient funds for enjoyable programs throughout the year
- Work closely with each of my chapter counterparts to ensure each chapter has consistent programming that is specifically tailored to their members' interests
- Keep tradition alive in our region while making effective changes to keep Kickoff, AZAA, and Brotherhood Overnight fun for everyone

Dear Alephs of NSR,

I, Aleph Sam Avery Glassman, promise to work to my fullest abilities to provide you all with a fantastic 2020-2021 programming year. I hope to build brotherhood in this region by providing you all with amazing kickoff and AZAA experiences. I will use my experiences from past chapter and regional board positions I have held, IC, past conventions and more to bring you all a deeper and richer programming year. My job is to not only be the “programer”, but it is to be a brother. I want to be the brother that you guys can confide in whenever you need help with anything. I want to be the brother that you guys can feel comfortable asking questions and concerns to. I will work to bring deeper programs to all chapters in order to increase the brotherhood throughout our region, and make kids want to continue to come back for more unique experiences.

Fraternally submitted with undying love for, NSR #19 and the Grand Order of the Aleph Zadik Aleph, I forever remain one damn proud Aleph, Sam Avery Glassman.

X Sam Glassman
