CHIPOTLE ~ The International Order

- International Convention '20
- Steered BBYO on demand

My sister B'nai B'rith Girls,

Everyone has a specific order that makes their stomach growl. An order that no matter what mood you are in it is always delicious, but with the wrong ingredients it could be disastrous. BBYO is that specific order and without the proper funding NSR would not be able to reach it's full potential. In addition many people can not afford to pay for food, much like BBYO programs. Therefore scholarships are extremely important, because no member should have to miss out on a program because of money. As BBGs we are sisters, and we help each other. Therefore we should raise more money for those who need scholarships, and for NSR as a whole, because this is our home. While food is necessary for a person to live, it also brings out one's creative side, much like the clothes on our backs and shuk. Shuk enables the creative side of someone to come out and shine, BBGs should get more involved and let that side of them flourish. There are many components to the perfect meal, the ingredients and creativity are just two, but they are two crucial steps that allow you to have your specific order that will ALWAYS make your stomach growl.

Submitted with undying love and devotion for that specific order, creativity, fundraising, ISF, shuk, NSR #19, and my heart and home L'Chaim BBG #2148. I forever remain Alix Sydney Berman, one damn proud candidate for your 63rd Regional Gizborit.

AND

FUNDRAISING

- Encourage chapters to have more hands on fundraisers
