## My Sister B'nai B'rith Girls,

What make a Broadway show so successful? Is it the writers? Producers? Cast? Just like a Broadway show, a BBYO program requires numerous aspects in order to be successful. While writers, producers, and actors are all necessary, there is one more that we need to ensure our success: sisterhood. Sisterhood gives us BBGs the chance to work together to write and produce amazing programs that will stay with us forever.

My main goal as Regional S'ganit, is to put on the best show NSR has ever seen. But I can't do this alone. I want to work as closely as possible with the rest of regional board, and all my chapter counterparts to ensure that every aspect of our show is running smoothly. My most important obligation is to ensure that every BBG has the time of her life and wants to come back and see our show again. NSR, are you ready for the show of a lifetime?

Submitted with undying love and devotion for Broadway, encouraging others, creating a positive atmosphere, the show of a lifetime, NSR #19, and my heart and home Yachad BBG #0340, I forever and always remain
