My sister B'nai B'rith Girls,

Flames have carried a spirit and meaning throughout the history of the Jewish people. L'dor V'dor; from generation to generation, a fire glows inside us. Fire connects us to our history where flames, like the burning bush and Chanukah lights, have always held significance. Fire leads us to the future, with new Shabbat and Havdallah candles each week, and the eventual BBYO life candle we will each hold with love. The fire that glows inside us connects us to our Judaism, and while our flames flicker differently, we all are stronger from our connections to our culture and heritage because it brought us together.

I want that spark, which glowed bright in us all from the moment we came to BBYO to the moment we became BBGS, to continue to shine. I want everyone in our region to be able to express their Judaism with pride, and for our Judaic events throughout the term to strengthen that pride and spark our flame.

Submitted with undying love and devotion for,  
sparking Jewish connections, my passion for Judaism,  
spectacular services and programs, CLTC #7, Nassau Suffolk  
Region #19, and my heart and home, Masada BBG #1519,

I forever remain,

*S. Eisenberg*
