

**CANDIDATE FOR THE NASSAU SUFFOLK REGION'S 63RD  
S'GANIT RIFKA  
AVA PAIGE LIEBERMAN**

**VISION STATEMENT:**

Throughout this upcoming year, I have many goals that I would like to accomplish. My main objective is to spread BBYO throughout all of Suffolk county, by increasing the amount of chapters. Additionally I will work to enhance all of our current chapters. I envision Suffolk County to have strong chapters reaching all the way out east. Today we have 970 strong B'nai B'rith Girls in NSR. I want to increase that number. The more girls we have, the more passion we can share. We have 6 Suffolk chapters, let's make more throughout Suffolk County! Today our chapters are doing well, but we can make them flourish! If elected, I have no doubt that we as a region can accomplish each of these goals.

**Most chapters program on the same day, how do you plan to utilize your time to be able to successfully communicate and be involved in all their meetings?**

I will assist each chapter in the programming process by attending as many board meetings as possible. I will be there to answer any questions and help each chapter to have engaging programs. For the meetings itself, I will put forth all my efforts to try and make it to as many of the chapters meetings. If for some reason I can't make it to the meeting itself, I can use technology to still have a presence, whether this be through a zoom call or a text message, I will make sure I contribute as much as I can. I also ensure that I will split my time evenly while also giving most attention to the chapters who are most in need of my assistance. This will allow me to help boost the chapters that have the most needs, and help them reach their fullest potential.

**So much of the jewish demographic in Suffolk County is not reached, how do you plan on spreading BBYO further out east?**

There are several ways that I intend on reaching the jewish population that is located further east. I will contact Jewish youth organizations in towns further out east, asking when their big events are going to take place. I will then ask if I can speak at these events about BBYO and potentially starting new chapters. It has also come to my attention that because of the fact that there are not many Suffolk chapters, many girls who don't have a BBYO chapter in their town, tend to join other Suffolk chapters. I would empower these members from further east towns, to take leadership positions and start new chapters within their towns. I will be there for the prosperity and downfalls through this all, but I do believe that together we can and will create more Suffolk chapters.
