One Damn Proud Candidate for
the 64th S'ganit Nassau
of the Nassau Suffolk Region

MY SISTER B'NAI BRITH GIRLS

Although Lazy Town infamously taught us otherwise, from experience I can assure you that it is most certainly not a piece of cake to bake a pretty cake. The process is filled with ingredient after ingredient, mix after mix, and most importantly, patience. I picture programming to be much like this process that eventually ends in a mouth-watering creation. We as BBGs all take part in the steps of baking the cake of success that is NSR. We each add our own unique flavor and ingredient that makes the region flourish. Baking a cake is not easy, just like keeping a chapter running and thriving. It takes hard work, commitment, and cooperation for boards to run smoothly and continue to retain members. Each chapter within NSR is an ingredient and together they blend to keep the region thriving. This past year was quite unpredictable and an unfamiliar recipe indeed, but we were able to keep the movement alive with hard work. We have come through with strength and now is the time to keep stirring. Just like in the kitchen, within programming, there is always room to create something new and innovative. Submitted with undying love for beautiful kitchen creations, NSR #19, and my heart and home Par Par BBG #2538, I forever remain

Mollie Claire Tashlik
One Damn Proud Candidate for your
64th S'ganit Nassau

The Recipe for NSR Success

Goals and Ideas:

A Process with Purpose

-  stabilize struggling chapters through strategy sessions and regional support of chapter boards
-  facilitate chapter communication and inter-chapter programming opportunities
-  create polls and surveys to gauge chapter feedback and tailor support toward their needs
-  work closely with N'siot to ensure chapters and running as smooth as batter
-  be a bridge between chapter and regional board to easily relay questions, comments, and concern
-  make sure all Nassau chapter boards are equally fulfilling their jobs and are working cohesively
-  assist chapter boards in creating bucket lists and term goals

Step 1: preheat the oven to 350°F

Although occasionally forgotten, this is one of the foundations of a successful bake. Within NSR, the chapter boards are always there working hard in the background and ready when we need them. To help stabilize struggling chapters, it is essential to have the foundation of a strong chapter board. As S'ganit Nassau I will dedicate myself to supporting chapter boards and will make all resources, including me, readily available.

Step 2: the ingredients

- | | |
|--|---|
|  Citadel BBG #0460 |  Masada BBG #1519 |
|  Hakotel BBG #8260 |  Par Par BBG #2538 |
|  Integrity BBG #0461 |  Sababa BBG #2512 |
|  L'yam BBG #0117 |  Yachad BBG #0340 |

Step 3: whisk it all together

On their own, ingredients await combined flavor, but together they can create a masterpiece of a dessert. I believe that chapter communication is vital to a successful regional recipe. If elected, one of my primary goals will be to facilitate inter-chapter communication via strengthening of counterpart networks, setting up calls, and providing opportunities for collaboration. With each chapter working together, BBGs will have greater possibilities for fostering friendship and becoming more deeply immersed in the BBYO experience.

Step 4: time to bake

All amazing creations, especially when baking, take time, effort, and patience. If elected S'ganit Nassau I will devote all three to the position and uphold every promise. I will also work closely with Nassau N'siot networks, having monthly meetings to share ideas and helping any in need of inspiration, while making sure all Nassau chapters are in great shape.

Step 5: decorate and enjoy

Arguably the most rewarding and creative parts of the baking project are first decorating, and then, of course, eating! I believe that each and every BBG is just that - a decorative element - adding sparkle with a sprinkle of joy, bringing a project to life, on the road to winning a baking championship. The BBGs are the heart and soul of BBYO, the very thing that allows the organization to thrive. As S'ganit Nassau I will make it my duty to ensure all sisters feel welcomed, included, and at home in the region and within their chapters.

Step 6: a dash of personal touch

-  attend all chapter and board meetings
-  answer all texts and calls within 24 hrs to promote open lines of communication
-  work well with the 64th regional board to ensure a successful year
-  immediately acknowledge and work to solve problems
-  aid in all sisters becoming actively involved and passionate BBGs
