

**CANDIDATE FOR THE NASSAU SUFFOLK REGION'S
64TH S'GANIT NASSAU
HANNAH MARMOR**

VISION STATEMENT:

To form a powerful chapter, general members and board members need to have knowledge of what is happening at all times. Along with chapters having consistent board meetings, each of the Nassau N'siot will be encouraged to receive feedback from chapter members. Since these are the people that are experiencing each event, their feedback is crucial to ensuring attendance and interaction at future events. If we are still in a mostly virtual or hybrid setting, there will be a large emphasis on chapter events, since it will be difficult to get the whole region together. Virtual programming is very different from our usual programming, therefore every chapter needs to strengthen their core. I will encourage each chapter to implement chairs and use them as needed, update their constitution if necessary, and hold at least one business meeting next year. I will make sure chapters are creating a positive and welcoming environment for each and every member through the use of Big/Little. BBGs from different chapters throughout the region will be included in each family. This will be a great opportunity for chapters to increase their regional involvement and host inter-chapter events. In addition, I will work towards creating powerful chapters throughout Nassau that will better their members, and our region

**TELL US ABOUT YOURSELF. WHY ARE YOU RUNNING FOR THIS POSITION?
WHAT MAKES YOU A STRONG LEADER? WHAT WILL YOU CONTRIBUTE TO
NSR'S SUCCESS NEXT TERM?**

After being elected as Citadel's N'siah, my main goal was to ensure that each member felt comfortable to be able to speak openly, depend on one another, and to leave the chapter stronger than before. I am proud to say that I have built Citadel from the ground up, and turned our weaknesses into strengths. We previously lacked a connection to the region and order, but this is beginning to be something we excel in. Seeing our numbers and engagement grow while creating more intriguing programs was so rewarding. If I am elected to serve as S'ganit Nassau, my main goal is to help other Nassau N'siot have this same experience. After serving on chapter board for two years, I feel as though I can act as a helpful resource to all of my counterparts and effectively work alongside others. During this next term, I will ensure that BBYO is a top priority, just like it has been in the past. By devoting time attention to each of our Nassau chapters, I will provide the necessary support and assistance that each chapter needs to succeed in this upcoming term and increase the interconnectivity of the region. I am confident that together, we can provide chapters with the resources necessary to thrive and strengthen our region.
