My brother Alephs,

Throughout my time in BBYO I have grown so much. That is thanks to the leadership positions I have held and the love I have felt from the alephs in RMR. This next term I want to help more alephs take leadership positions and help more alephs feel the love that RMR can give. At the end of the day that is what BBYO is for. To give young teens room to grow and the tools they need to be leaders and contributing members in their community. As godol these would be the two fundamental goals for the 66th term.

Never too many, Never too strong, Always AZA

Rocky Mountain Region

Being Rocky Mountain Region #25, it is our **duty** to make sure that as long as you live in Colorado, Wyoming, or New Mexico, you have access to meaningful, and **impactful** Jewish experiences. By the end of this term when someone asks you what is in RMR the answer will not be, "it's basically just Denver". By making small city growth and success a top **priority**, we can get rid of the term "small city". This will be done by each regional board member being assigned a small city focus chapter and RMR hosting multiple rush events in different parts of the region.

Creating Strong Leaders

A good godol must not only look at the present but also the future. The best way to ensure a successful region in 2-3 years is to develop strong leaders now. This will be done by increasing **summer program** attendance, sending **delegations** to other communities conventions, **leadership summit** before winter kallah, and **strengthening** our new chapter to provide more leadership positions. By offering smaller regional leadership positions it allows younger alephs to become more comfortable in their leadership capabilities and **motivates** them to ease their way into larger leadership roles in the future.

No man is an island, No man stands alone

Sgan MyBBYO will be used on a greater scale giving chapter and regional events a new sense of organization and professionalism.-----Think Bigger and better when it comes to programming. This means having larger scale events, more guest speakers, and more elevated programming.

Moreh Similar to what is done internationally RMR will offer credit towards conventions for referring new members to register for BBYO-----Utilize new ways to make new members feel welcomed by chalking driveways and sending out invitations to join RMR. AZA----Strengthen every AZA chapter by promoting every chapter within the Rocky Mountain Region

Mazkir Have a more professional appearance on all social media platforms(Twitter, Facebook, Snapchat, Tik Tok) ----- Create a regional press corps----- Send at least 30 alephs on summer programs

Chaver Establish a regional standup cause that can be fundraised for throughout the entire year.----- Host an AZAA charity basketball tournament to raise money for our regional standup cause----- Create engaging and meaningful Jewish programming in order to strengthen the Jewish identity of every aelph in RMR-----Promote strong attendance to the walk for Israel and J-Serve 2021

Gizbor Create a shuk at convention for chapters to sell merchandise, helping chapters fundraise and increase regional spirit.----- Fundraise in order to send more alephs to summer programming and conventions----- Create an application process where chapter can request grants in order to elevate programming-----Increase regional restaurant fundraisers dramatically

Mekesher Increase small city membership drastically by having multiple rush events throughout RMR----- Have a convention in Colorado spring/Boulder----- Make sure needs are met of small city chapters
