My Brother Alephs,

I aspire to be your 66th regional aleph Gizbor. Money is power in today's world, especially with young and vibrant organizations like ours, who need money to fuel its movement and action. As your regional gizbor I will work effortlessly to raise and properly control the funds needed to maintain and improve this great region of ours.

In past years, our region has merely had a couple fundraisers, and that's about it. These conventional fundraisers raise a decent amount of money for our region, but we need more if we want to be one of the best and most active regions in the BBYO order. I plan to work with my BBG counterpart to raise even more funds for our region through more creative and broader techniques. With this money, I hope to benefit Alephs and BBGs alike in their BBYO careers.

Fraternally submitted with undying love for JSP AZA 6, RMR, and the Aleph Zadik Aleph. I humbly remain,

Yonatan Manor
