A Letter from the Chef

My sisters of Rocky Mountain Region #25,

Think about the **best program** you attended. What made it special? Why is it your favorite? My time in BBYO has taught me the **importance of programming** - to build **connections**, discover our passions, and learn to use our voices to make a change in our community. At the same time, it has given me important **lessons**. I have discovered to overcome failures, learn from my mistakes, and adapt to the unexpected. This year, I am determined to help you all **discover your passions** and **find your voice**. As your 65th regional S'ganit, I promise to create an inclusive environment where everybody feels comfortable to **speak out** and **share their ideas**. It is time to take programming to the next level to provide exclusive experiences and meaningful events. Together, we can truly accomplish amazing things and make a **lasting impact** in RMR. So come join me in the kitchen as we prepare for a year to remember forever!

Submitted With Undying Love,

Natalie Huttner ♥

★**COOK TIME:**
One year of **growth** and **programming excellence** that will shape RMR's future

★**SERVES:**
The **B'nai B'rith Girls** of Rocky Mountain Region #25

★**TIP:**
Tastes best with **positivity, passion,** and **hard work!**

NATALIE JILL HUTTNER

YOUR DAMN PROUD CANDIDATE FOR ROCKY MOUNTAIN REGION #25'S 65TH REGIONAL S'GANIT

Instructions: Goals and Ideas

1. PLACE THE REGIONAL BOARD #65

★ **Board Goal:** To build a strong relationship and maintain effective communication with the board to take RMR to new heights

- **Communicate** with all board members and keep them up to date and involved in the programming process
- Always be **open to feedback**, advice, and ideas from the board
- Follow all deadlines and have 24/7 communication
- Be **respectful**, understanding, and helpful to EVERY board member
- Assist with any programming aspect of each board members position
- Reach out for help when needed, we are a team!
- Be a **role model** for younger members in the region and represent RMR in a positive light

3. POUR THE S'GANIM DREAM TEAM

★ **Counterpart Goal:** To create an environment where counterparts feel supported, motivated, and have the tools to create RMR's strongest chapter programming

- Utilize a s'ganim group chat (that balances fun and information) to maintain communication with BBGs and Alephs
- Send bi-weekly board calls as a form of check in
- **Monthly individual meetings** with each s'ganit
- Create a counterpart packet to give all s'ganim a place to start with fresh ideas and tips
- Emphasize the importance of elevating programs and bringing **new ideas** to the table (programs never seen before!)
- Motivate S'ganim to use **inter-chapter programming** to learn how to plan for larger crowds and build friendships between chapters
- Review all program outlines at 5 days before a program
- Hold s'ganim team meetings to problem solve and provide feedback
- Create an evaluation form to allow s'ganim to **reflect** on each program and **grow** as a leader and a programming planner
- Encourage s'ganim to submit programs to Chapter Showcase for IC 2021

5. BAKE AT SRC 2021

★ **Convention Goal:** To plan a weekend filled with memories and fun, ensuring programs and services are catered towards new 8th graders, returning 10th and 11th graders, and seniors saying their final goodbyes

- **Holistic review** of all leadership applications to equally give candidates a fair chance
- **Support** all steerers by brainstorming alongside them, reading over outlines and being there for additional assistance
- Allow members to submit program and competition ideas before the convention planning process begins. This is a convention for ALL of RMR and your **feedback** is important!
- Be open to new ideas and areas to **make changes**
- Emphasize **inclusion** in that new 8th graders feel comfortable at their first convention and seniors truly feel appreciated
- Use my knowledge as SRC admin to continue to **strengthen** and improve the convention

**YOU MUST BE IMAGINATIVE, STRONG-HEARTED.
YOU MUST TRY THINGS THAT MAY NOT WORK, AND
YOU MUST NOT LET ANYONE DEFINE YOUR LIMITS.**

2. ADD OVERALL PROGRAMMING

★ **Programming Goal:** To plan distinct and diverse programs with elevated aspects to bring exciting experiences to the region

- Create a RMR **program bank** to share previous outlines and ideas
- Compile a list of locations and members in our community to network with and utilize: **community mapping**
- Incorporate more **committees** for regional events (with different focuses) to increase opportunities for members
- Rework the program planning form to emphasize **programming with a purpose** (POP!)
- Make a suggestion form for members to submit their program ideas
- Encourage chapters **find their identity** and build their uniqueness through programming

4. MIX IN MOVEMENT INITIATIVES

★ **Initiatives Goal:** To utilize these annual programs as a way to engage members in unique and elevated programming that can only be found in BBYO

- Include BBYO branding, swag bags, food, games, and **exclusive opportunities** to remind members to showcase the best of BBYO
- Coordinate with other regions and members of our community to **increase involvement** locally, nationally and internationally
- **Kick-off:** Whether it be a bonfire with s'mores, carnival party, foam and glow party, and more, this is our change to remind members why they joined BBYO, hyping them up for an amazing year ahead
- **Fall Fest:** Back to the Ice Arena, Friendsgiving, Bowling Extravaganza, Top Golf, and more, let's showcase what our community has to offer, the Colorado way!
- **Global Shabbat:** From special guest speakers to pen pals with another regions, together, we can truly go global and connect with others through Judaism
- **Founders' Day:** Let's throw the biggest birthday bash yet! With branding, decorations, gamechanger grants, and cake, we will celebrate our history and the growth of our movement

6. ENJOY THE FOLDS

★ **Folds Goal:** To connect programming folds into a marble cake (with cohesive, connecting activities) to create interesting, relevant, and unique events, instead of forming a layer cake of disconnected stations

- Push chapters to **use folds with a purpose**, instead of throwing them in there just to utilize all 6 folds
- Emphasize the purpose of folds is to create **high quality programming** which makes BBYO so special!
- Promote the gamechangers grant and encourage all chapters to apply at least once to elevate their programming
- Highlight a fold of the month to educate s'ganim (and members of the region) on that fold and how to incorporate it
- Ensure all chapter fold are utilized throughout the s'ganims' term
- **A taste of the folds:**
 - **Sisterhood:** BBG Relaxation Night with facials, healthy snacks, and mental health specialist
 - **Creativity:** Mother/Daughter painting fundraiser with a BBYO education aspect for parents
 - **Jewish Heritage:** A pluralistic shabbat with different foods, tunes, and ways of prayer. Bring in a Holocaust survivor to share their story and how they express their Judaism
 - **Community Service:** Host a drive for a local organization at meetings then visit that organization and provide hands on service along with a donation
 - **Social Action:** Tackle anti-semitism by working with the ADL on how we can combat hate and promote an environment of acceptance
 - **Recreation:** Hold a MBA program with athletic instructors and a nutritionist to promote healthy living and the importance of taking care of our bodies
