

Candidate for the 57th Dixie Council S'ganit- Hadassah Sternfeld

As Dixie Council's 57th S'ganit, I will work hard with my other board members in order to make all of our hopes and dreams for Dixie come true. My dream for Dixie is to continue growing and being unique. In order to achieve this goal, there are a few steps along the way. I will work closely with my counterparts in Eastern Region in order to ensure that all programs planned at each convention are interesting, unique, and interactive. I will also work alongside my counterparts and the boards from North Carolina Council and Virginia Council in order to ensure that you have the best year ever. My final step is to make sure that each participant fills out a post-convention survey. This survey will help Dixie Council and the rest of Eastern Region grow as we want to hear your opinions in order for everyone to have fun and have lifelong memories. BBYO is such an amazing organization, and it is up to us to continue making Dixie Council and Eastern Region stronger, and by following these steps, I know we can make Dixie Council and Eastern Region stronger than ever.
